Cellular dynamics: membrane-cytoskeleton interface

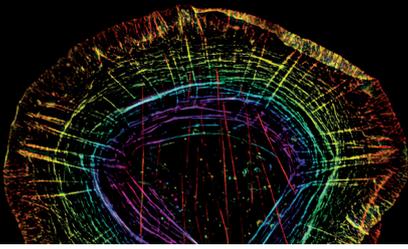

21-24 May 2017

Southbridge Hotel & Conference Center
Southbridge, MA, USA

Journal of
Cell Science

"Can't wait to attend this meeting! It fills a niche, bringing together an outstanding group of speakers working on a variety of membranes and models, who don't often appear on the same program."

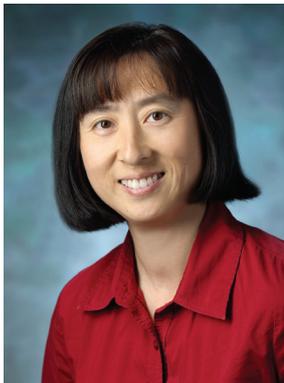

Kathleen J. Green, Northwestern University Medical School, USA

Meeting information

Cell biology in its broadest sense aims to understand how a cell, the basic unit of life, converts information stored within its genome into form and function in both space and time. This includes understanding not only the inner workings of individual cells but also how they react and respond to each other and their environment.

The purpose of this meeting is to bring together researchers studying the interface between membrane and cytoskeletal systems at different scales and perspectives using a range of model systems – a unique approach that is intended to bring together frontline research in these areas, stimulating discussions across the disciplines and fostering collaborative links between researchers.

Sponsorship opportunities

Networking

Meeting dinner – \$1,500

The main meeting dinner will be held on the last night, Tuesday 24 May. Your logo will be on the meeting booklet and also on the menus on each table. Your company logo and website link will be detailed on the sponsor's page of the meeting website. Your branded banner stands and signage can be on display, along with your literature during the dinner. You will also be entitled to 2 complimentary invitations to attend the meeting dinner.

Poster session with pre-dinner drinks – \$1,125

The poster session with pre-dinner drinks will be held on the first evening, Sunday 21 May, and will be an ideal time to meet the delegates. Your logo and website link will be on the meeting website and your logo will feature in the meeting booklet. A branded roller banner and signage can be on display along with your literature during this poster session.

Poster session with coffee – \$900

The poster session will be held on the afternoon of Monday 22 May and will also be another opportunity to meet with the delegates. Your logo and website link will be on the meeting website as well as your logo being in the meeting programme. A branded roller banner can be on display alongside your literature during this poster session.

Advertising

Delegate meeting bags – \$1,275

This is a great opportunity to get your logo on the meeting bags alongside the logos of The Company of Biologists, Journal of Cell Science and the Platinum sponsors' logo. Your logo and website link will be on the meeting website as well as your logo being in the meeting booklet.

Poster prize – \$900

The prize for the best poster will be chosen by the organisers of the meeting. Your company will be acknowledged in the meeting booklet, on the website, and verbally during the presentation.

Sponsored lanyards – \$825

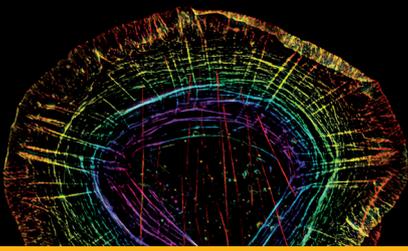

All delegates will be given a name badge attached to a lanyard to wear for the duration of the meeting. Your logo would be printed on the lanyard along with the logo for Journal of Cell Science. Your logo and website link will be on the meeting website as well as your logo being in the meeting programme.

Inserts in delegate bags – \$750

One A4/A5 leaflet will be included into the delegate packs. This is the best way to maximize exposure and ensure every delegate sees your information.

If you don't see a package that suits your specific needs, please contact us and we will be happy to help.
