

## The Company of Biologists Scientific Meeting Grants

### Applicant Handbook

This Handbook will help you to complete your application and to understand the terms and conditions of the Scientific Meeting Grant. Please read thoroughly before submitting your application.

#### What is a Company of Biologists Scientific Meeting Grant?

- Scientific Meeting Grants help to finance a range of charitable activities including, but not limited to, meetings, workshops and conferences in the fields relevant to our journals, covering expenses such as a plenary or keynote speaker, assistance with travel for early career scientists, or to reduce (or waive) registration fees.
- Grants in excess of £6,000 are awarded only in very exceptional circumstances. Typically grants are awarded on a sliding scale, for example meetings with fewer than 100 people may receive up to £2,000, whereas a meeting with 400 people may receive £4,000.
- It is necessary under the law of England and Wales, for grants to be provided on terms which enable us to verify that the funding provided has been put to proper use and is in furtherance of our charitable purposes. As such, our grants are subject to terms and conditions which are non-negotiable and it is for you to decide whether or not to accept our grant on the terms offered.
- Scientific Meeting Grants are not for the purpose of supporting attendance at scientific meetings, conferences or training courses.

#### Who can apply for a Scientific Meeting Grant?

- The individual who completes the application must be in the organising group for the meeting.
- Applications from professional fundraisers and conference agencies are generally not considered.
- Scientific Meeting Grants cannot be awarded retrospectively, with decisions taking up to 6 weeks after the deadline date.
- Although there is no restriction on nationality, we are unable to pay awards to recipients in jurisdictions, countries or regions of the world subject to sanctions, embargoes or other political trade restrictions put in place by the United Nations, the EU or the UK.

#### How are applications assessed?

- Applications are initially evaluated by the Grants Committee, a shortlist for funding is selected which is then submitted to the Board of Directors for approval. If your application is unsuccessful at this stage, you will be notified immediately.
- Successful applicants will be required to sign our Scientific Meeting Grant Agreement and provide bank details to enable funds to be electronically transferred in GB Pounds.
- Shortlisted applicants will normally be informed of the outcome of their funding request within 6 weeks of the application deadline.
- Please note that whilst the quality of science remains paramount, we would prefer to support meetings and events where organisers have sought maximal feasible diversity in speakers in terms of geography, gender and age. In addition, where attendance at events

is selective, then we would expect such points to also be influential. We invite applicants to make a statement on these issues in their application for funding.
