Tiered pricing

The Company of Biologists introduced tiered pricing in 2007 based on a 5 tier system

Visit our website www.biologists.com or email subscriptions@biologists.com for help allocating a tier

Most subscribers are usually either tier 3 or 4. Tier 5 subscriptions are negotiated individually with The Company of Biologists

The Company of Biologists retain the final say in tier allocation decisions

Pricing 2022

The Company of Biologists do not support double dipping and return APC fees as a proportion of income related to hybrid articles via the online subscription renewal price. The prices shown here have already had APC formula applied

For more details see our website www.biologists.com/library-hub/faq/
